## VIOLENT AND FATAL. ASSAULT IS AVENGED

Earthquake Disturbances In Italy  
Do Much Damage.

### DISTRICTS SUFFERED

Some Towns and Villages Are About  
Wiped Out of Existence, and at  
One Place There Stands  
Not a Structure.

Catanzaro, Italy, Sept. 8.—A violent earthquake at 2:35 o'clock this morning caused a fearful loss of life and widespread destruction in this (Calabria) province. All the houses of St. Efaconi were wrecked and it is feared hundreds of people have been buried in the ruins. The villages of Placopio and Triparni have been destroyed. The towns of Pizzo, Monteleone di Calabria and Martirano were also entirely destroyed.

At Monteleone di Calabria seven persons were killed outright and many injured by the collapse of the prison there. The Pizzo district is said to be almost entirely destroyed.

Locally the shocks lasted eighteen seconds. The walls of a hospital collapsed and some patients were injured. The inhabitants of this city fled panic-stricken from their houses.

Advices are grave from Pizzo, Monteleone di Calabria and Martirano. There are numerous victims. It is hoped that the district of Nicastro escaped, but that also has been seriously affected. At Martirano all buildings have collapsed, including barracks of gendarmes. Six wounded men have been taken from the ruins. There are other victims. Troops arrived at the scene of the disaster to help in the work of salvage.

At noon Friday death list was 347.

### STONES AND STICKS.

These Were Showered Upon United States Mail Delivery Wagons.

New York, Sept. 8.—Under guard of police and occasionally showered with sticks and stones, United States mail delivery wagons, whose operation in New York's busiest centers are threatened by 300 striking drivers carried mails without delay Friday. Thursday night the New York Mail company, whose drivers went on strike, forced open hay barns for sleeping purposes for fifty new drivers who had taken the strikers' places and who feared to go home after the day's work. During the night four drivers were hurt on wagons passing through East Side streets, which were showered with missiles from upper floors of tenant houses. Each wagon Friday had a uniformed policeman riding with the driver.

### TARTARS FOUGHT ON.

Terrific Fighting and Numerous Casualties Occurred at Baku.

Baku, Sept. 8.—Street fighting continued until late Thursday night. Consulates, banks and government buildings are guarded by troops. Balakhan was completely burned out after the Tartars plundered it of everything valuable. Although shot down in masses by artillery the Tartars were not deterred from their work of wreckage and looting. Fierce fighting and great slaughter occurred at Balakhan hospital, where 1000 Armenians and workmen gathered. General Shirinkin sent a detachment of artillery with three guns to the scene and the commander of the detachment summoned the crowd to surrender. The latter replied with volleys of stones and some shots, which killed one of the gunners. The commander of the troops thereupon opened fire. First discharge of guns miscarried, the shells falling into the sea, but the second discharge sent the shells crashing into the hospital, where they exploded, killing an immense number of men and wrecking the building. The maddened crowd charged the gunners and captured their guns after deluging the gunners with burning oil. The latter then fled. Cossacks and infantry reinforcements attempted to recapture the abandoned guns, but was driven back by suffocating smoke.

### Works Burned.

Tiflis, Sept. 9.—All the spirit distillers and silk weaving works in the district of Shusha have been burned by Tartars. Part of the workmen succeeded in escaping to the mountains. The remainder were killed. Orders have been given to send wheat to Shusha to relieve the starving.

Komura says the mikado will ratify the treaty.

District court term at Lawton will last about six weeks.

Heavy rains around Denison have done upland cotton much good.

Second annual reunion of Spanish war veterans is in session at Milwaukee.

Claud Cheatham was killed near Daingerfield, Tex., by his team running away.

Several Ardmore business houses and residences have been robbed. One firm lost seventeen shotguns.

During a shooting affray at Winona, Tex., a negro named Rich Davis was killed. Another negro named Jack Bill surrendered.

Dire Vengeance Meted Out to Mrs. Norris' Insult.

### ROASTED BY CITIZENS

After Being Identified by His Victim the Negro Confessed His Crime and Was Taken a Short Distance [and Burned.

Waxahachie, Tex., Sept. 8.—The diabolical crime committed upon the person of Mrs. S. P. Norris last Monday has been expiated at the stake. Aaron Jessie, or Steve Davis, as he is sometimes called, the negro who assaulted and outraged Mrs. Norris last Monday was roasted to death by the enraged citizens of that community. The execution took place at Jurd Brown's farm, about three miles south of Howard, and only a short distance from the scene of his crime.

Jessie, or Aaron, was captured about 11 o'clock Thursday morning in the creek bottom near Maloney, where he had been in hiding since committing the crime. He was taken before Mrs. Norris, who identified him and fainted at sight of him. He then confessed that he committed the crime. In his confession he stated that he went to the Norris home Monday morning and found Mrs. Norris alone.

"She was sitting on the bed and had her back to me," he said, "and without saying anything to her I struck her on the back of the head with my fist one time, and in the face three times and pulled out her tongue. That is all I done."

He was asked repeatedly if he committed any other crime upon her, but denied it. He stated he was born in Navasota and was 21 years old; that he had one brother and five sisters in this county; that he came to the Howard community in October of last year from Mexia to pick cotton and chopped cotton for Mr. Norris four or five days this spring.

He said he intended to commit an outrage upon Mrs. Norris, but became frightened and run away. As soon as it was ascertained that he was the right party the leaders of the crowd began making preparations for his burning.

The hour was fixed for 7 o'clock, but he asked for time to call up his brother and sister at Palmer over the long-distance telephone and tell them goodbye, and the hour was postponed until 8 o'clock.

When that hour arrived he was placed in a wagon and crowd, which numbered about 1500, persons, moved with him to the place of execution, where two iron stakes had been set up. Before being chained to them he was asked how he wanted to die and said he did not care; to do what they wanted with him.

When asked why he committed the crime, he stated: "Just for meanness." He was then suspended between the iron stakes with chains and a lot of old lumber torn from a barn, donated by a neighbor for that purpose, was piled under him and that saturated with oil and set on fire. He never begged for mercy or screamed and only one exclamation of "Oh Lord," was heard from him.

In a few minutes the flames enveloped his body, he became still and all was over.

Several officers were on the ground, but, realizing that they were powerless to interfere, they returned to their homes before the final act of the tragedy was performed.

Not a trace of the negro was left but his heart.

### ESTIMATED YIELD.

Percentage of Condition Is Also Given by Producing States.

Asheville, N. C., Sept. 8.—The estimated yield by states of the cotton crop of 1905-1906 and the percentage of condition as reported by the statistical committee of the Southern Cotton Growers' convention is as follows:

Alabama, 1,021,639 bales percentage of condition, 74  
Arkansas, 619,466; 70.  
Florida, 54,019; 69.  
Georgia, 1,361,180; 73.  
Indian Territory, 365,522; 78.  
Louisiana, 656,953; 58.  
North Carolina, 307,602; 86.  
South Carolina, 791,697; 73.  
Tennessee, 242,202; 75.  
Texas, 2,382,762; 76.  
Mississippi, 1,214,978; 70.  
Miscellaneous, 50,058; 75.  
The minimum price of the coming cotton crop was fixed at 11 cents.

### Three More Cases.

Vicksburg, Miss., Sept. 8.—Two new cases in Vicksburg and one in Fostoria, A suburb, is the yellow fever record of Thursday. The thirteen patients under treatment are doing well.

A strict quarantine has been inaugurated at Denison. All ferries, wagon bridges and other points of entrance are guarded.

Paris, Tex., volunteer firemen, owing to differences with city authorities, have voted to disband. Paid men will be employed.

Four miles southwest of Mabank, Tex., T. J. Stone accidentally shot and killed his daughter, Bertha, twelve years old, with a musket.

## HURRY ORDERS!

THE BIGGEST FAIR IN THE HISTORY  
OF THE ASSOCIATION IS  
COMING ON.

## TRACK AND GROUNDS IMPROVEMENT

Lots of New Stalls Ordered for a Long  
String of Horses - The Fair  
Meeting Thursday  
Night.

Famous in a day! Such is the nature of the revelation that has come to the directors of the Central Texas Fair association. The association has held four annual meetings and has done very well, indeed, in some or all of them, but outside of Texas, the fame of the Fair has crept rather than bounded into notice.

But this is radically changed now. The reputation of Bryan and the Central Texas Fair is confined no longer to limited circles. Letters received by the secretary of the Fair during the last month or so, and by the chairmen of the different departments, show that we have caught the eye of the greatest of earth in the lines of Fair work.

The American Agriculturist was founded sixty years ago by Orange Judd. It and the Orange Judd Farmer and other allied publications are the leading agricultural papers of the world. Our Fair has caught their attention. The following letter from the Orange Judd Farmer is one of hundreds

that show how the Central Texas Fair has become noted abroad:

Office of Orange Judd Co., Pubs. Am. Agriculturist, N. Y., Orange Judd Farmer, Chicago, New England Homestead, Springfield, Mass.

Chicago, Ill., Sept. 5—Tom A. Searcy, Bryan, Texas:

We are at present considering plans whereby we hope to send editorial and subscription representatives to attend the Fair to be held under the auspices of the organization of which you are secretary. Will you co-operate with us by allowing space on the grounds for a tent, which our representatives will bring with them, and will you also favor us with admission tickets to be used by our representatives?

You, of course, know what the Orange Judd Farmer has done for the agricultural organizations in the past and that same policy will be followed in the future. We will gladly publish a brief report of the Fair written by our representatives. If you will send us advance items, will be glad to use them at once. Our Fair list is being printed from time to time. If your date is not noted, please notify me. We want to assist in making your 1905 Fair the best you have ever held.

Thanking you in advance for any courtesies you may extend to us or our representatives, I remain, Yours very truly,  
Clarence A. Shamel,  
Associate Editor.

The company that exploit California Arrow, the latest and greatest of air ships, have written our amusement manager for a booking. Their exhibitions have attracted more attention east and north than any of the modern sensations. Lee Stevens soared over Coney Island in the "Arrow," made circles and swoops at will, and came to earth safely, and alighted as softly as a feather.

The Central Texas Fair has now reached a stage where it is in touch with the really big things. That it will be a great success from now forward, there can be little doubt.

The big men of Texas—the orators and statesmen—have their eyes on the Fair. Several of them have our dates on their lists, and will be with us. Judge C. K. Bell, Hon. Tom Campbell and Joe Bai-

ley are among the big men expected.

Horsemen of Texas, Missouri, Illinois, Ohio, New Jersey, New York and in fact, of nearly state in the union have written for programs. Hundreds of these applications have been received. The string of fine horses that will be at the Fair this year, will in itself be an attraction—just to look at them, to say nothing of seeing them do their wonderful work on our superior track.

The Fair directors at their meeting Thursday night, awoke suddenly to a realization of the big things that are before us. They gave hurry orders to heads of departments to get busy and prepare for big things. The grounds and buildings are being seen after, the track improved, and things will go on now at a lively pace until the fair is on.

## DISTRICT COURT.

Four Indictments for Murder in Second Degree Returned by the Grand Jury.

Knox Johnson vs. Gertrude Johnson, divorce granted.

Sim Cross vs. Estelle Cross, divorce granted.

The grand jury on yesterday returned four indictments for felonies, all charging murder in the second degree. Two of the indictments are against Dr. C. L. Versea and Dr. J. S. Reid, colored, in connection with the death of a negro woman named Annie Cabines. The other two indictments are against Willie and Richard White, the negro boys charged with the killing of Tom White, colored.

The grand jury adjourned yesterday afternoon until Tuesday.

## TEXAS WOMAN'S COLLEGE PRESIDENT

Dr. A. E. Booth Unanimously Elected to the Place Last Night.

A meeting of the board of directors of the Texas Woman's College was held last night and Dr. A. E. Booth was unanimously elected president of the college. Dr. Booth went over the matter fully with the board and was greatly pleased with the situation here. While reserving his decision to be wired upon his return home, and after conference with the board of trustees of Huntingdon University, Dr. Booth intimated that he would accept so strongly as to leave no doubt in the minds of the board.

A letter was received from Rev. Hall, financial secretary of the college, stating that he would reach Bryan September 16, and begin his work.

Dr. A. E. Booth of Huntingdon, Tenn., arrived in the city Thursday evening and is the guest of Mr. and Mrs. Robt. S. Webb. Dr. Booth came to Bryan by the invitation of the board of directors of the Texas Woman's College, with a view to accepting the presidency of the school. He was expected early in the week, but was delayed in his arrival by missing connections until Thursday evening.

Yesterday Dr. Booth and Dr. Butler drove over the city, met many people on the streets, visited the A. and M. College, and the beautiful site of the permanent buildings of the Texas Woman's College, looked over the temporary quarters for the school and the magnificent new Baptist church. As a result of what he saw Dr. Booth was much pleased with the city and its environments, and in turn made a most favorable impression on those who had the pleasure of meeting him. He is a man of fine physique and dignified bearing and altogether prepossessing in person and manner.

Dr. Booth is a Southern man, a native of North Carolina, and a Baptist minister and educator of note in the Southern states where his work has been done. After serving several churches as pastor, he entered actively upon school work in which he has had remarkable success. He is highly educated and holds the degrees A. M. and Ph. D. from Johns Hopkins University. He was state normal conductor in Georgia before going to Tennessee, and now holds the same position in the latter state. He is also president of Huntingdon University of Huntingdon, Tenn., a non-sectarian school, which in three years under his guidance has grown to an attendance of 700 students from a very small beginning.

Dr. Booth comes highly recommended from the leading men of the Baptist denomination in Tennessee as a strong, safe man of fine character and great influence. Among those who have addressed letters to the Texas Woman's College board of directors are Chancellor J. V. Porter of the University of Nashville, former governor of Tennessee; Dr. E. E. Folk, editor of the Baptist Reflector and Dr. W. C. Golden, secretary of the Mission board of the Tennessee Baptist state convention.

Dr. Booth is 47 years old and has a wife and one child. It is his desire to come to Texas and to become connected with a denominational school.

Dr. Booth will leave for his home this morning.

Dr. Geo. B. Butler announces services at the Baptist church Sunday as follows: Sunday school at 9:45 a. m. Preaching by the pastor at 11 a. m. and 8 p. m. Junior Union at 5 p. m. B. Y. P. U. at 7 p. m.

Dr. J. D. West announces services at the Presbyterian church Sunday as follows: Sunday school at 9:45 a. m. Preaching at 11 a. m. by the pastor. Westminster league at 7:15 p. m. No preaching at night.

Life and Accident—The Mutual Life, Reliance Life, North America and U. S. Casualty—up-to-date policies in each and premiums lower than most of the good companies. T. R. Batte & Co.

The Clothiers

W. J. Coulter has made some notable improvements in his store in advance of the rush of fall trade and in order to make room for a larger stock with the view to reaching the \$100,000 mark for the present year's business. The stairway has been moved to the right side of the store adjoining the wall. This enlarges the floor space, increases the counter room and gives more light and an unobstructed view of the popular kitchen department. One hundred and twenty-five feet of new counter room has also been provided upstairs, and a considerable amount of new shelving is being put in.

When you think of meats, think of Franklin's markets and ring telephones 30 or 326. 237

The great question as to the making of trade for towns is the question of wheels. The way the wheels are rolling settles the matter of good business or bad business in a town. Are the wagon wheels rolling toward Bryan now, bringing cotton and trade, and cash for goods? That is the question. One of the greatest things to keep the wagons headed in the direction of Bryan the coming fall and winter is the Bryan Eagle's Special Trade edition, to come out next week. Get your business in it, and keep in the procession.

Call and make a selection from the handsome line of pants goods just received at Burt Norwood's. 7

A corps of government engineers, consisting of Mr. Parker, engineer in charge, and two others, are at the Jones bridge west of Bryan. Their division of the river is between Old Washington and Waco. They are getting the depth of the water, the fall per mile, and locating suitable places for locks and dams. Mr. H. O. Jones reports to the Eagle that from his conversation with Mr. Parker, he judges that the engineers' report will be very favorable, and it is very likely that the Brazos river, as far as Waco, will be navigated in a comparatively short while.

### A. AND M. COLLEGE PRESIDENCY.

Filled by the Election, Yesterday, of Professor H. H. Harrington.

News reached The Eagle by wire yesterday afternoon, that the directors of the A. and M. College, in session at Dallas yesterday, supplied the vacancy in the office of president of the College by the election of Prof. H. H. Harrington to the place. Prof. Harrington was elected on the second ballot, and his choice was then made unanimous.

By way of comment on this action, The Eagle can only say that the choice of The Eagle has been the choice of the board. For the interest of the A. and M. College, the man whom the logic of the situation pointed to very plainly has been placed at the head of the school. Our reasons for thinking this have already been given. There remains now only the pleasure of recording the fact that in our humble opinion, the right thing has been done.

### CITY COUNCIL MEETING.

Switching Hours on Bryan Street Extended to 8:30 a. m.

The city council held a regular meeting last night, Mayor Pro Tem Howell presiding, and Aldermen Boyle, Covey and Priddy present. Minutes were read and approved and officers' reports disposed of in the usual way.

The fiscal agent's report showed balances as follows August 1: Public Improvement fund...\$1917.22 Water Works fund (overdr'n) 495.38 Special Street fund..... 1596.50 West Side School fund..... 5975.18 Special Water fund..... 4085.00 Building and Street fund..... 560.13 Tax and Fine fund (overdr'n) 1997.14 Street Appropriation fund (overdrawn)..... 456.74 City Secretary C. M. Spell's report showed total collections of \$453.84 for month of August.

W. E. Saunders, Sam M. Winters and W. A. Withers appeared before the council and asked that the switching hours of the I. & G. N. on Bryan street be extended until 9 a. m., for the accommodation of business men receiving cars of freight. Division Superintendent C. J. Larimer and Agent D. C. DeMaret were present and Mr. Larimer stated the difficulties under which the road is working under the present 7 o'clock regulation, but stated the company was ready to abide by such rules as the council may adopt.

An ordinance was passed by the council granting the I. & G. N. permission to spot cars on Bryan street from 7 p. m. to 8:30 a. m., in the rear of the stores, cars of wood and coal being barred from the track. It is further understood that the said railroad company shall protect the city from any damage that might arise from said ordinance, which becomes effective at once.

R. T. Boyle was appointed chairman of a committee with authority to name two other members of said committee, which was appointed for the purpose of laying off the public property of the city for the purpose of making such disposition of it as the council may see fit. This property lies principally in the plazas adjacent to the H. & T. C. passenger depot.

Mr. Boyle advanced the suggestion that a part of the funds realized from the sale of this property could be used for the purpose of building a suitable fire station with meeting room above it, at some convenient location, and thus leave the city hall entirely for the use of the city government, corporation court and opera house. Another suggestion of Mr. Boyle was to use the funds for securing a permanent water supply for the city.

A young Italian came in last night and reported a shooting scrape among Italians four miles north of town on the Benchley road. He stated that three men were implicated in the shooting and shot at another Italian, missing him and hitting his wife. It could not be learned how seriously the woman was hurt. Dr. Harrison was called to attend the case and Sheriff Nail and County Attorney Nagle went out to investigate the trouble.

Frank Wilson of Rogers Prairie was in the city yesterday on business. Mr. Wilson reports that eight miles of grading contract in the vicinity of Rogers Prairie on the Trinity and Brazos Valley railroad has been let to Harris Bros. of Oklahoma. 237

# STATE FAIR OF TEXAS DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905  
ANNOUNCEMENT.

The present organization, known as the State Fair of Texas, stands today without a parallel in the history of Fairs. It is owned and managed by some fifteen hundred of the most prominent citizens of Dallas, who have donated the money to build a fire-proof auditorium and exposition building on the Fair Grounds, costing \$100,000 and in addition to this have advanced the princely sum of \$90,000 for premiums, purses and attractions that the Fair of 1905 may go down into history as the largest and grandest event of its kind ever given in the Southwest.

Every stockholder of this institution has signed an agreement to donate his stock for the good of the cause, and under a contract with the City of Dallas, it is agreed that no officer nor director, other than the Secretary, shall receive any compensation for his services and that every dollar earned by this Fair during the next twenty years shall be expended in the effort to make each succeeding Fair better than the last.

The gates of the Twentieth Annual Fair will open at 10 a. m., Sept. 30, 1905, the Fair continuing sixteen days.

During this period the public is assured of sixteen days solid pleasure and recreation, as well as the opportunity of seeing the largest and best display of live stock ever collected together in the South.

The lovers of speed horses are assured thirteen days racing with high-grade horses, competing for purses aggregating \$30,000, and last, but not least, the homeseeker will have an opportunity to examine a complete display of the varied resources and industries of Texas, as well as those of her sister states.

For further information and details address the State Fair of Texas, Dallas, Texas.

Yours respectfully,

## STATE FAIR OF TEXAS

C. A. KEATING, President.  
SYDNEY SMITH, Secretary.

### SEPARATE STATEHOOD.

In No Case Is a Union With Oklahoma Desired.

Muskogee, Sept. 8.—The constitutional convention adopted a resolution declaring that whether congress accepts the constitution of Sequoyah or not, in no case will the people of this country be satisfied with statehood with Oklahoma. The convention selected Port Gibson as capital of the proposed state and appointed a committee to take the constitution and appeal for statehood to congress and the president.

The convention chose four members of congress, whose election will be ratified at an election on Nov. 7. The nominees are, J. R. Thomas, Muskogee, Republican; C. L. Long, Wewoka, Republican; D. C. McCurtain, Kinta, Democrat; Joseph Laha, Claremore, Democrat. McCurtain is a son of the chief of the Choctaw nation and Laha is a Cherokee.

### DEATH OF BABY.

### FINAL GATHERING.

Piute Indians Are Probably Now Meeting For the Last Time.

Los Angeles, Sept. 8.—This is likely to be the last gathering of Piute Indians, now in progress at Pahrump ranch, on Ivanpah-Bullfrog road, where at least 200 members of the tribe are gathered from all parts of Nevada, Arizona and elsewhere. The occasion is the anniversary of the first invasion of the famous old chief, Tecopa, whose last resting place is about a mile from the ranch at Pahrump. The first event of the gathering, gambling games, lasted two days. Then there was a big dance, participated in by all the tribes. Besides the Piutes there are Indians of two other tribes present to pay their respects to the memory of the dead chief.

### WORST PASSED.

Scenes in the Streets of Tokio Were of Most Thrilling Character.

Tokio, Sept. 8.—It is believed the worst rioting is about over.

General Sakumo, who has assumed charge of the capital, under authority of an emergency ordinance, in his proclamation created a good impression owing to the conciliatory tone which he expressed, and his note of firmness declaring soldiery would resort to extreme measures if forced to do so. He refrained from making a heavy display of military force in the city, having only detailed guards to preserve order, holding the main garrison reserves at barracks, from whence he only called them when forced to. The municipality also greatly relieved the situation by cancelling a mass meeting called at Hibaya park, which is the rallying ground for all elements of disorder. Political leaders are counselling the people to remain quiet and are conferring with the government, urging the speedy calling of a special session of the diet. Many believe the issuance of a summons for a special session of the diet will full restore tranquility among the people.

The report that the trouble spread at Chiba, forty miles distant from Tokio, has been partly confirmed. It seems certain the police station was destroyed, but the destruction of the prefectural office and courthouse is not confirmed.

Japanese representatives of the Associated Press who have been watching the rioting report the character of the crowds changed materially of late. They say that earlier in the trouble thousands of responsible citizens joined in rioting, but now the crowds are largely formed from the disreputable classes, students and young roidies. A heavy rain fell which drove the majority off the streets and in doors.

The city was quiet throughout the day, although there was excitement and tensify of feeling everywhere manifested. Nightfall brought verification of the prediction of renewed trouble. The streets in the center of the city began filling at dark. The first disturbance occurred in the vicinity of the residence of the minister of home affairs, Katsura. The mob again attempted to fire the structure, but was restrained by guards. Considerable roughness and fighting followed. Menacing crowds gathered in the neighborhood of metropolitan police headquarters. They refrained from attacking it on account of the presence of a strong police reserve.

Passage of street cars through crowded streets angered the people and they began attacking and destroying cars. They drove off crews and passengers and set fire to the cars. Ten large cars were speedily destroyed. Later an outbreak occurred in Kanda, a district of the city, where the fire started.

Because of the popular enmity largely directed toward the police street patrols have been withdrawn and police have been centered at danger points. The withdrawal of patrols left the streets unguarded and have given license to much minor disorder.

Number of arrests total 800. They are on charges generally of rioting and inciting riots. The Barristers' association resolved to defend all arrested free of charge.

The number of persons known to have been killed thus far is six.

With the exception of the Kokumin Shinbun, the government organ, newspapers generally express anger over the action of the police in closing Hibaya park and attempting to suppress a meeting. They say measures of police are unwarranted and foolish and served to excite the crowds.

The Jiji says: "Such deplorable phenomenon in the city where the emperor resides is highly significant. The only course open to the cabinet is resignation."

The Hochi deplors such occurrences in the capital of a victorious country and says Tokio has been converted into St. Petersburg. It further urges the refusal to ratify the treaty of peace, which it says is the sole cause for the "shameful and sad occurrences."

The Manichi says: Hear the voice of the nation. Heed the expression of the nation's desire. The nation's voice is full of anger. The resignation of the cabinet might appease popular indignation.

All papers avoid use of the word "mob" and openly sympathize with the destruction of the police stations.

### LAND OFFICE CLOSED.

Much of Allotment Is Rather Poor and Not Desired.

Muskogee, Sept. 8.—The land office in the Seminole nation has closed by the Dawes commission upon recommendation of Governor Brown of the Seminoles. The office was opened for the purpose of allotting forty acres of land to Seminole infants who were entitled to allotments under a recent act of congress. There is enough land to give each of these babies forty acres each, but most of it is very poor land. There are a few good tracts. The land office was allotting the land to the allottees in their regular number and a protest was made that the first ones would get the good land and the others would not accept the worthless part. It is likely that the land will now be arbitrarily allotted from the commission offices and that the forty-acre tracts and the allottees will be taken in their regular order and it will be a matter of chance who gets good land and otherwise, as the commission does not know which land is good and which is poor. There are about 100,000 acres to be allotted.

### Several Papers Read.

Williamstown, Mass., Sept. 8.—The American Mathematical society's twelfth annual summer meeting began at Williams college with many of the leading college professors of the country in attendance. Papers on mathematical subjects occupied the opening sessions.

### DRAMATIC SCENE.

Burning of Minister's Residence Was a Thrilling Affair.

Tokio, Sept. 8.—The destruction of the residence of the minister of home affairs was intensely dramatic. Throughout the day a series of demonstrations occurred in the neighborhood of the building and late in the afternoon the mob attacked the house, swept the police away and battered down the gates. The police and servants resisted stoutly, but the mob surged forward and entered the house. One of the leaders, carrying an armful of burning straw, gained the rear of the structure and succeeded in setting it on fire. The police reserves charged the crowd, using their swords freely but the mob rallied from several quarters and stoned the firemen when they arrived. The members of the minister's household were rescued and escorted to the imperial hotel. When darkness came the flames from the burning building illuminated a menacing scene, the mob hooting and throwing stones at the police and firemen, and the police repeatedly clearing the streets. Accurate figures of the casualties are not obtainable. It is known, however, that one man was killed, that fourteen were mortally wounded by sword thrusts, and that many persons were bruised and injured in the crushes.

A member of the mob which burned the home minister's residence said to the correspondent of the Associated Press: "We burned the house for the purpose of attracting the attention of the emperor. We want him to refuse to ratify the treaty. We believe that those surrounding him prevent him from correctly understanding the popular attitude toward the disgraceful, humiliating peace."

### SITUATION GRAVE.

Impression Is Japanese Government Is Censoring Telegrams.

Pekin, Sept. 8.—Messages received here from a good source at Tokio represent the situation there as grave. The Japanese government is apparently censoring telegrams. Martial law prevails at Tokio.

### Pekin Much Astonished.

Pekin Sept. 8.—The absence of fuller knowledge of the peace terms leaves the community much astonished as to the terms of the settlement. There is a general feeling that some understanding exists between Japan and Russia that has not been published.

### NOLAN'S REASONS.

Afraid There Was a Collusion Between Jeffries and Britt.

San Francisco, Sept. 8.—"I never objected to Jeffries on the score of dishonesty, but on account of change in betting. I thought there might be a collusion between Jeffries and Britt." Such is the statement made by Billy Nolan, manager of Battling Nelson. Nolan prefaced this remark with the statement that he is firm in his refusal to allow Nelson to go in the ring next Saturday if the heavyweight champion is to be referee, and added that Nelson would abide by any decision that his manager may make. Nolan declared Nelson never made the statement attributed to him that any referee except Billy Roche would be agreeable to him.

Nolan said: "When Jeffries did not arrive here, according to programme, but instead sent a telegram to the club demanding \$2000 for his services, I considered that it entitled another man, particularly as the betting dropped after Jeffries was named. When Britt's brother sent a telegram to Jeffries signing Billy Delaney's name to it and Britt received the answer to Delaney accepting \$1000 it strengthened my belief that something was wrong."

### CREATED SENSATION.

Taggart Terms Wife's Counsel a Scandalous Villifier.

Wooster, O., Sept. 8.—Captain Taggart, while on the witness stand in the Taggart divorce case Thursday, created a sensation when he accused ex-Judge Smyser, counsel of Mrs. Taggart, of using his position as a member of congress to obtain an order from the war department that he (Taggart) be tried by court martial. Captain Taggart lost his temper and said to Mr. Smyser:

"Your position in the matter was that of a scandalous villifier. The letter you wrote to the war department was vile and mean. It contained misrepresentations. Your attack was cowardly and made under cover of your position."

Mr. Smyser showed a letter that he had written to the war department which Captain Taggart pronounced worse than the one that had been seen in the war department letters.

"You know, Mr. Smyser," continued Taggart, "that you said you would take advantage of your position as a congressman and your influence with the war department to beat me in this lawsuit."

"No, I did not ever say that," answered Smyser, vehemently.

"Well, Mrs. Taggart said you did," replied Taggart.

After the recess the letter was produced and read to Taggart, who looked at the letter book and said there was no signature.

"I signed it," said Smyser. "It is not customary to put the signature in a copy book."

"Did you sign it as a congressman?"

"I don't try lawsuits as a congressman."

"Well, it looks very much that way," said Taggart.

### Letter Carriers' Home.

Portland, Ore., Sept. 8.—The home for members of the Letter Carriers' association who may become victims of tuberculosis will be erected at Colorado Springs, Colo., people of that city having donated a site of 160 acres of land adjoining the Childs-Drexel home for union printers.
